RULERS IN EUROPE HAVE THEIR HOBBIES

[By Latest Mail]

LONDON. — The award to the king of Italy of a prize from the French Academie des Inscriptions et Belles Lettres in connection with his numismatic work suggests some other hobbies of crowned heads.
King George is an ardent stamp collector, and his sister, the Queen of Norway, is said to derive much amusement from her collection of press clippings giving inaccurate accounts of her own doings.
King Edward had a most curious hobby, the collection of the avoirdupois of his friends, all of whom had in undergo the ordeal of the weighing machine scales, the host himself keeping the book of records.

It is possible to be active, zealous and diligent and still go to the dogs. Such a fate is regularly that of the fish.

HILLO NOTES

[Special Star-Bulletin Correspondence]

HILLO, May 11.—The question of class or caste plays an important part even among the Japanese of the big island, as evidenced by a sanguinary affray which took place at Honokaa Sunday night. Two members of the Okinawa, taking umbrage at the insolence of a Japanese on remaining in the same room with them, proceeded to beat him up with the first weapon at hand. This proved to be a beer bottle, but it served the purpose quite well. The victim was later removed to the hospital at Honokaa, being in no condition for the journey to the Hilo infirmary. The Okinawa was brought here, however, and are held pending further investigation of the case.

Before adjourning its May meeting the Hawaii county board of supervisors retracted its strict economy program insofar as the Hilo band is concerned, though it did not restore to Leader Carvalho the entire monthly emolument of \$450 which he and his musicians formerly enjoyed. Instead, the band is to get the sum of \$175 monthly. It is thought that with this stipend the leader will be able to hold his organization together until the dark clouds along the financial horizon have cleared to some extent. The supervisors at first refused to hearken to the Board of Trade's plea and tabled the resolution introduced by John A. Keolaha asking that the band be given a monthly salary of \$275. Just before adjournment last Friday afternoon, however, the resolution was reconsidered and passed by a unanimous ballot with the reduced figure inserted.

The request of Chairman J. W. Caldwell of the territorial board of harbor commissioners, that immediate steps be taken to provide a water supply for big ships at the new Kahoia bay wharf, was referred by the board of supervisors last week to Superintendent William Vannatta of the county waterworks department, with instructions to obtain figures on the cost of the line and the supply tank, and also to ascertain what arrangements can be made with the owners of the present pipe line extending down to the breakwater.

This means that no definite action can be taken on Chairman Caldwell's suggestion before early next June.

With the final arrest of three men Deputy Sheriff William Richard of Hamakua believes he has brought to an end the systematic cattle stealing which has been in progress on the Shipman ranch the last year. The three men, Willie Meyer, Kamohai and Haimende were brought to Hilo this morning and were committed to the circuit court, the first two being released under \$1000 bail. The deputy sheriff, assisted by the county attorney's office, has been working on this case several weeks and claims to have the partial confession of two of the accused men.

With the aid of a Portuguese, Judge Joseph H. Ferry captured three alleged holdup men between Hakalau and Wailea last Saturday night. The accused are Filipinos but there seems to be some doubt whether they are quite as bad as the complaining Chinese shoemaker, who caused their capture, has painted them.

At the request of Health Inspector Donald S. Bowman the supervisors have turned over the Kohala hospital to the board of health to be used as a quarantine station.

MONROE DOCTRINE IS DISCUSSED BY THE SOCIAL SCIENCE CLUB

The members of the Social Science club were the guests of W. W. Goodale, manager, Waialua Agricultural Co., Ltd., last evening and following a bountiful repast were entertained by A. Lewis, Jr., with a paper on "The Monroe Doctrine."

Mr. Lewis handled his subject in a masterly manner, from the promulgation of the measure, through its various activities down to the present date. Particular stress was laid by the speaker upon the conceptions of Presidents Roosevelt, Taft and Wilson of this most important measure in the politics of the American continents.

Following the paper there was a general discussion of the question, participated in by Judge Sanford B. Dole, Admiral C. B. T. Moore, L. Tenney Peck, Alonzo Gartley, Dr. N. B. Emerson and George R. Carter.

MAUI NEWS

[Special Star-Bulletin Correspondence]

WAILUKU, Maui, May 11.—Yesterday was Mother's Day and was properly observed at the Makawao Union church by a strong sermon preached upon the subject by Rev. A. Craig Bowdish, the pastor. At the Wailuku Union church in the evening, Rev. R. B. Dodge spoke upon the text "Let your light so shine before men that they may see your good works and glorify your Father, which is in Heaven." He used the occasion to make special references to the day that is being so generally observed all over the United States.

A big contract was landed Thursday morning last by Hugh Howell in the shape of the extension of the Lahaina water works system from Lahaina to the head of the water supply for the old capital. Previously, as everyone knows, there was nothing but an open ditch and in many places the flume was so badly broken that only a meager supply of water came to town. The new water works will make a much larger and constant supply of pure water. The bids were as follows: A. A. Wilson, \$24,000; J. C. Foss, Jr., \$10,425; H. Howell, \$9,817, to whom the contract was awarded.

Yesterday morning's baseball game was forfeited to the Gymnasium team by Kahului, so the Gym is now tied for first place with the Chinese and Waikapu. The Cubs beat the Valley Isle 20 to 13 in the afternoon and Wailuku beat Paunene 9 to 2. There was a fair crowd present, and lots of enthusiasm over the games.

Dan Crawford, the great missionary to Africa, will be on Maui the 28th of this month to address the Maui ministers in their May conference. He will preach on Sunday in at least two of the Maui churches. His coming is greatly anticipated by all who have read of him and his remarkable work.

TAKES OFF DANDRUFF HAIR STOPS FALLING

Girls! Try this! Makes hair thick, glossy, fluffy, beautiful—No more itching scalp.

Within ten minutes after an application of Danderine you cannot find a single trace of dandruff or a loose or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you will see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy. Just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine—advertisement.
